Is there a way to entrust your dog to someone if there is no possibility in the household (e.g. at family celebrations where no dog is allowed, or hospitalization, etc.)

How long would your dog normally be alone?

Will you be attending a dog school or booking a dog trainer for support?

How much time are you willing to invest in activities and training with your dog?

What are your expectations of me as a breeder?

III.

Information about me and my breed:

My bitches will only be mated if there are enough binding registrations and there are no health criteria that speak against pregnancy.

A down payment is to be understood as a binding registration, which is only to be paid AFTER a personal meeting. I will be happy to make an appointment to get to know you after receiving the completed questionnaire.

I currently have two bitches suitable for breeding in my possession. You will receive a puppy from my breeding with FCI papers, which will be allocated for you according to careful criteria.

The better I get to know you, the better the puppy can be for you. This decision includes character, gender, colour, anatomy and hair quality.
